Subject: more info. on CENCO

I spoke briefly with Dave Isola, CENCO's insurance coverage counsel. The lead counsel for CENCO for this lawsuit will be Albert Cohen, at Loeb and Loeb ((310) 282-2228. I expect to hear from him later this morning and I will try to conference you in, Jamon.

CENCO has a policy from CNA for 1962 to 1965 with no pollution exclusion and they will send the complaint to CNA. I will check to see if we have a copy of that policy.
